What we can help you with

Unlike many helplines, the EAP is not just here for life's crises. Everyday issues such as the stresses of moving house, managing money, a family crisis, illness or injury or returning to work after a break – all can raise questions which can benefit from discussion.

So whether you'd like advice on a problem you're facing, or support with managing anxiety, you can rest assured that help is on hand for any in-the-moment support you may need.

Whether it's to help you prepare for a challenge and gather essential information, or get some sound and confidential advice on a life event that's affecting you or your family, through EAP you have access to advisers who are trained to help.

Don't let a bump in the road slow you down

Life can present many challenges – some you can anticipate, whilst others come completely unexpected. The EAP is here to support you through situations such as:

- ✓ **Managing money** – Financial issues can have a significant impact on our personal and professional lives. This service provides free, simple debt advice which may lead to a debt solution such as Debt Management Plan, debt/loan consolidation, Individual Voluntary Arrangement (IVA) and other options to consider.
- ✓ **Relationships** – The relationships we have with the people around us have a fundamental effect on our lives. When those relationships become strained, whether due to issues such as divorce and separation from a partner, or conflict with a relative, friend or colleague, the EAP can offer guidance and advice to help you through such times.
- ✓ **Moving house** – Although it should be simple, buying a house can be one headache after another – but HealthHero's advisers are on hand to support you through the process.
- ✓ **Family life** – Pregnancy, birth and adoption can all be times of strain and worry. And it might not stop there. Raising children can be the best and yet hardest time of your life. Whether they're toddlers or teenagers, there may be times when you need advice or guidance. The EAP can help on these and other family issues such as schooling, peer pressure and work/life balance.
- ✓ **Work** – What's the best way to approach a move to a different role? What's the best way to build relationships with colleagues? How do you best manage work pressures and deadlines? Speak to HealthHero if you want to discuss any of these topics, or any other issue related to the workplace (Please note that HealthHero cannot advise on disputes or dissatisfaction with your employer or their processes).
- ✓ **Returning to work after a break** – Whether it's following maternity leave or an illness, the EAP can offer you useful advice to make the transition back to work that much easier.
- ✓ **Retirement** – The journey into retirement can be a time of difficulty and confusion for some. Whether it is about helping you adapt to your new financial status or adjusting emotionally to the next phase of your life, you need to make sure you're as best prepared as you can be.
- ✓ **Family crises** – A family crisis can sometimes be overwhelming. Bereavement, disputes and caring for relatives are all sensitive topics that the EAP counsellors can help with.
- ✓ **Personal crises** – You don't have to go through an unexpected personal tragedy such as divorce, abuse or racial discrimination alone. If you find yourself faced with a sensitive personal issue, please talk to one of the EAP counsellors.
- ✓ **Illness and injury** – Suffering from an illness or injury, is a difficult time in anyone's life. Whether it's you that is ill, or someone close to you, the EAP can lend support, assistance and guidance through the hardest times.
- ✓ Legal support line is available 24/7. You will speak to a Legal Advisor who has a law degree and can help with a wide range of legal concerns such as issues relating to housing or tenancy agreements, wills and probate, motoring, consumer rights, family law and much more.
